

Daisy Wholesale Managed Billing

Do what you do best

Daisy Wholesale has been providing a specialist managed billing service to the reseller and carrier market since 1996.

Our managed billing service provides our partners with a cost effective solution for your billing requirements. By utilising your existing people in conjunction with the expertise of our staff, the billing activity is jointly managed in a cost effective and efficient manner. This approach allows you to grow your business with access to additional 'virtual' personnel without increasing your staff requirements.

You will have peace of mind that support is always available and that billing is managed to the highest possible standards. Service excellence is at the heart of everything we do and we are committed at all times to providing you with the best quality, best service and best value.
